Protocol for Scheduling of Un-Requisitioned Surplus (URS) power in ISGS

Scheduling of URS in CGS stations shall be coordinated in line with the CERC order in petition no 310/MP/2014 dated 05/10/2015, IEGC 5th amendment (dated 12.04.2017) and CERC order in 16/SM/2015 dated 17.10.2017. The protocol for scheduling of requisitioned (URS) power is as under.

A. Submission of consent for scheduling URS power

- As per IEGC (fifth Amendment) regulations, the original beneficiary shall convey its consent by 09:45 hours on the previous day, for sale of that URS power in the market.
- ISGS shall be permitted to revise its schedule for URS power from one beneficiary to another of the same power station. Consent of the original beneficiary and the new beneficiary shall be submitted by ISGS to WRLDC. Alternately ISGS may submit a standing consent from the original beneficiary for a specified duration to WRLDC for scheduling of its URS power in that ISGS to any other co-beneficiary.

B. Scheduling of URS power to a co-beneficiary of ISGS within the region

- A beneficiary shall submit its requisition for availing URS power in an ISGS through web-based energy scheduling portal. The quantum and time period shall be specified.
- WRLDC shall schedule the URS power as per the requisition within the time blocks stipulated in IEGC.
- In case multiple co-beneficiaries of an ISGS seek to avail URS power then principle of first-come-first serve shall be adopted while scheduling URS power to the requisitioning co-beneficiaries.
- In case, multiple co-beneficiaries of an ISGS request simultaneously and the sum of their requisitioned power exceeds the available URS power, then the URS shall be apportioned & scheduled pro-rata in the ratio of the respective requisitions (in MW) made by the co-beneficiaries.
- The scheduling of URS power shall be subject to availability of margins in the transmission network.

C. Recall of URS by the original beneficiary

- The original beneficiary shall retain the right to recall its surrendered power that has been scheduled to another co-beneficiary in that ISGS. Such requests shall be implemented as per the timelines specified in IEGC. The original beneficiary shall lose right to recall the URS power that has been scheduled under STOA in line with the Commission's order dated 17.10.2017 in 16/SM/2015(para-23).
